Narita Air & Bus! Mt. Fuji & Fuji-Q Highland Route schedule renewal !

Timetable changes cut traveling time by up to **60** minutes!

Improved convenience for visitors to Japan!

Summer 2015 saw the launch of the Narita Air & Bus project at Narita Airport with direct services to tourist destinations. There are six bus routes operating in this project at present: the Nikko Service, the Niigata Service, the Toyama & Kanazawa Service, the Kyoto & Universal Studios Japan® Service, the Mt. Fuji & Fuji-Q Highland Service, and the “Tokyo Disney Resort®” Service.

Mt. Fuji & Fuji-Q Highland service, which focuses specifically on the growing number of visitors to Japan, is undergoing a complete revision of timetables and stops which will cut up to 60 minutes off traveling time. The service will also be revised to coincide with international flight schedules for the benefit of visitors to Japan.

Visitors to Japan can now take advantage of a direct bus service from the airport to the nation's world famous Mt. Fuji and Lake Kawaguchi at its base from the day of their arrival in Japan until the morning of their departure.
